

ENTER Curated Choice

May 2024

'Curated choice' is an online commercial group show facilitated by Enter Art Fair. ENTER invites handpicked curators or art personalities to propose a theme under which they will curate a selection of works of any media from the participating ENTER galleries.

Every new edition of 'Curated Choice' will bring a new theme, a new curator and new works – and will run continuously in our newsletter and on our social media platforms throughout the year in between the fairs every August.

All the works are carefully selected by the curator and are all available for sale. You can find prices and detailed information about the works in this pdf. Don't hold back. Ask questions and connect directly with the gallery for any inquiries.

Curator: Dea Kudibal

Theme #7: Future Visions

Definition: Art is not only a mirror but also a sculptor of the ever-changing contours of our society. In this curated choice, Dea Kudibal explores a theme of works that not only speculate on the future of femininity and empowerment but also contemplate the essence of beauty.

During societal transformations, the notion of beauty unfolds in multifaceted ways. What constitutes beauty? Is it a fundamental aspect of our existence? And can exquisite artworks elevate our souls? The chosen pieces contemplate these inquiries through diverse lenses, each offering a unique exploration.

About the curator: Dea Kudibal

Dea Kudibal is the founder of the eponymous women's wear brand DEA KUDIBAL, seamlessly merging her passion for the arts with her expertise in fashion design. As both designer and art collector, she infuses her collections with a distinct blend of artistic flair. Dea's creations transcend mere garments, serving as canvases for personal expression and individual style. Through her designs, she empowers women to embrace their uniqueness and celebrate their authenticity.
