

ENTER Curated Choice

November 2024

‘Curated choice’ is an online commercial group show facilitated by Enter Art Fair. ENTER invites handpicked curators or art personalities to propose a theme under which they will curate a selection of works of any media from the participating ENTER galleries.

Every new edition of ‘Curated Choice’ will bring a new theme, a new curator and new works – and will run continuously in our newsletter and on our social media platforms throughout the year in between the fairs every August.

All the works are carefully selected by the curator and are all available for sale. You can find prices and detailed information about the works in this pdf. Don’t hold back. Ask questions and connect directly with the gallery for any inquires.

Curator: Cath Alexandrine Danneskiold-Samsøe

Theme #8: Contradictions, opposing ideas

Definition: In this curated choice, Cath Alexandrine Danneskiold-Samsøe explores contradictions as a theme of artworks that examine the viewer with their duality of ideas. Contradictions are intriguing and often scratch our emotions. Can we recognize the dissonance of this juxtaposition within ourselves or the world around us?

Contradictions challenge us by questioning our beliefs and perceptions. By their artistic discourse and complexity, expressed either abstractly or figuratively, the selected pieces invite us to an intellectual experience (or debate?).

About the curator: Cath Alexandrine Danneskiold-Samsøe

Cath is a Curator, Art Advisor, and Content Creator managing her consulting company. With her multicultural background and multiple professional interests, Cath is a front-runner for diversity culture. She is a well-regarded opinion leader in various upper-echelon cultural, intellectual, business, and fashion circles. Cath brings a rich history of accomplishments across a range of industries: she has managed her own contemporary art gallery, edited the magazine *Beredskab*, a magazine focused on security and defence and conducted keynote interviews with prominent politicians and influential business leaders. Her experience also extends to designing leather goods collections, overseeing the interior design of a five-star hotel, and strategically positioning high-end luxury brands throughout Scandinavia.

According to Cath, life without art is empty. Art is a memory, messenger and expression of strong feelings – a comforting and confronting partner, a seismograph that makes us feel truly alive.
